PROPERTIES

Pnt Coco is a nonionic surfactant that provides superior detergency, emulsifying, penetrating and surface tension reduction properties. It shows good compatibility with anionic and amphoteric surfactants.

Like all APG products, Pnt Coco is mild and readily biodegradable.

APPLICATION

Pnt Coco is widely used in personal care products, and formulations which require thickening effects, because it's unique performance in cleaning, emulsifying and thickening.

Pnt Coco is suitable for use as a base surfactant or a co-surfactant in cosmetic cleansing preparations.
